

# BUSINESS SERVICES BOND

## YOU WORK HARD. So we made bonds *easy* for you.

Nationwide® Surety & Fidelity, a strong surety that my agency uses, has made taking care of the details easy for your business. In fact, now has never been a better time to get a quote from me as our goal is to offer your business complete protection.

As a trustworthy business owner, you take great pride in your sincere work ethic. Imagining one of your employees stealing from customers while on the job isn't easy, but theft does occur. We know that worries come with ownership and we want to shoulder some of the burden, so you can put more energy into your business. Our business services bond coverage can help give you that peace of mind.

Because we specialize in writing business insurance, we now offer affordable business services bond coverage to protect your customers. This customer protection is not the same as crime insurance, which protects you when employees steal from your business.

Business services bond highlights include:

- **Customer coverage.** Provides protection for the loss of a customer's money, equipment, supplies and personal belongings caused by dishonest acts of your employees while on your customer's premises.
- **Affordable.** Your premium is based on the number of your employees and the amount of coverage desired. Plus, there's no deductible!
- **Easy to obtain.** The process of obtaining the bond is quick and easy. We don't need your life story and we won't pull credit.
- **Conviction clause.** Protects you and your employees against unjustified allegations. An employee must be convicted before coverage is activated.

There's no substitute for careful screening and supervision to deter theft. But for those instances that slip through the cracks, we can help protect your business, customers and reputation with a business services bond. ***Call me today!***
