

# GOLF COURSE INSURANCE

## YOU WORK HARD. So we made insurance *easy* for you.

Allied Insurance, a really strong commercial insurer that my agency quotes, has made big changes with their golf course insurance. In fact, now has never been a better time to get a quote from me as our goal is to offer your business complete protection. Rates have been lowered, and limits have been increased—they've even removed the deductible from their Golf Ball Damage Additional Coverage.

Since we specialize in writing golf course insurance, we now offer valuable coverages bundled in a convenient, affordable package—such as:

- **Golf Course Property Endorsement:** Valuable Property and Inland Marine coverages designed to provide the coverages you need to insure your property and equipment exposures under a single policy
- **Golf Increased Limits Schedule:** For golf courses that need higher limits for their property exposures

Because Allied is nationally strong and regionally focused with local market understanding, they are able to provide these packages at local competitive rates for golf courses like yours. In addition to our comprehensive and economical packages, we continue to help golf courses by providing these valuable services:

- **Safety training and loss control resources**
- **Flexible payment options**
- **World class claims representatives available 24/7, 365 days a year**

We've been providing professional, personal service for many years. We have the experience, integrity and capital strength to keep our promises to you. Find the economical solution for your business, and *call me today!*
