The extra protection you need.

Do you have enough insurance protection for your valuable possessions?

If a thief breaks into your home, will your insurance coverage be adequate to replace those cherished items for which you worked so hard? If you misplace expensive camera equipment during a relaxing tropical vacation, will your insurance provide coverage for items lost in a foreign country?

It's easy to make sure your personal possessions are properly insured. Simply ask your West Bend agent to add the Scheduled Personal Property endorsement to your Home and Highway® policy. It's the best way to protect those things that mean so much to you.

You set the coverage limit

The Scheduled Personal Property endorsement allows you to set the limit of coverage you need to adequately insure your property. It also provides worldwide coverage for more types of loss than what's otherwise provided in your Home and Highway policy.

You'll pay nothing

The Scheduled Personal Property endorsement provides coverage without a deductible. That means you'll pay nothing if any of the valuable items you schedule on your policy are lost or destroyed by a covered loss. It doesn't matter what your homeowners' deductible is. It won't stand in the way of replacing or repairing that special property.

Coverage is available for these types of property:

- Jewelry
- Collectible items like figurines, sports cards, model trains, comic books, and much more. Coverage for your collectible items can be expanded to even include loss from breakage
- Fine art items like paintings, rugs, statues, antique furniture, or other items that are rare, or have historical value or artistic merit. Fine art items may also be covered against loss from breakage
- Golf and other sports equipment
- Guns
- Furs
- Musical instruments that are not used professionally
- Cameras
- Stamp and coin collections
- Silverware

The endorsement's blanket coverage option works well for items whose individual values may not be as high, such as collectible figurines or sports equipment. The agreed value option insures that losses to your property are settled without considering depreciation.

PROTECTORplus

If your wall-mounted, flat panel TV suddenly falls to the floor, would it be covered?

With the all-risk coverage option, available as stand-alone coverage or with PROTECTORplus, it would be. Today it makes more sense than ever to be sure your valuable personal possessions are properly insured. With PROTECTORplus, you'll have protection you need for your personal property. PROTECTORplus bundles four popular coverage options at a preferred price, including all-risk coverage for personal property, as well as sump pump overflow/sewer backup, mortgage extra expense, and identity protection.

Personal Umbrella

Personal Umbrella provides you with a large additional layer of liability insurance – over and above the liability insurance on your auto, homeowners, boat, and other personal exposures. West Bend's Personal Umbrella starts at \$1,000,000 of protection and provides worldwide liability coverage. Higher limits are also available. You can even add Uninsured and Underinsured Motorist coverage to your umbrella which will provide you with additional bodily injury protection if you're injured in an accident with an at-fault uninsured or underinsured motorist.
